**Hunter Panels Products**

- H-Shield NB

**Roof Types**

- Shingles
- Slate
- Tile
- Standing Seam Metal

**Deck Types**

- Wood Framing - 24" OC
- Concrete

**Notes**

- H-Shield-NB must be installed on a structural deck. Do not install directly to framing, H-Shield-NB is not a structural panel.
- The above fastening pattern meets FM 1-60 and 90 requirements where applicable.
- Fasteners must be FM approved. Use of Hunter Panels SIP/WD for wood decks.
- Fastener must penetrate the structural deck by at least 1"
- For slate and tile roofs, contact manufacturer for recommendations.
- The above Fastening Pattern is for both routed and non-routed H-Shield-NB.
- For UL-90 rated assemblies under select metal roof systems, FM approved truss head fasteners and 2" diameter plates are required.
