

## SPECIALTY ELASTOMERIC REPAIR PRODUCTS

### #501 Elasto-Brite

Premium co-polymer elastomeric roof coating. Elasto-Brite provides excellent flexibility, UV Protection, mildew resistance, color stability & reflectivity. Use 501 Elasto-Brite with Karnak premium elastomeric base coats to extend the life of BUR, Metal, Single-Ply & Foam roof systems.

**Product Code:** #501-5 | **Available Colors:** White or Tan

**Avail. Sizes:** 5-Gal | 55-Gal Drum | 275-Gal Tote

### #505MS Karna-Flex WB (Water-Based)

100% Acrylic low VOC mastic. Use on BUR, Mod-Bit, metal, concrete, spray foam & single ply repairs. Formulated with a unique viscosity to 3-course faster & easier on vertical and horizontal surfaces. Leave exposed to UV or coat with elastomeric roof coatings. Styrene Free!

**Product Code:** #505MS-2 | **Available Colors:** White or Desert Tan

**Avail. Sizes:** 3.5-Gal | 55-Gal Drum

### #405 Bond-N-Shield Base Coat

Elastomeric base coat formulated to apply over previously coated roofs and aged asphalt roofs including BUR, Mod-Bit, SBS & APP. Asphalt stain blockers prevent yellow staining of elastomeric finish coats. Enhanced blister resistance in temporary ponding areas. Apply at 1.5 - 2.25 gallons per 100 sq.ft. before applying Karnak finish coatings. 800% Elongation.

**Product code:** 405BP-5 **Color:** Light Blue

**Avail. Sizes:** 5-Gal | 55-Gal Drum | 275-Gal Tote

### #5540 Resat-Mat

Spun-laced polyester fabric for reinforcing coatings over irregular or rough surfaces. Use to reinforce seams or entire roof surfaces. Resat-Mat can be used with Karna-Flex, Karna-Flex WB, 229AR & any other Karnak elastomeric coating products.

**Product Code:** 5540H-04 | 5540H-06 | 5540H-40

**Avail. Sizes:** 4" x 300' | 6" x 300' | 40" x 340'

### #550 Patch-N-Go Tapes

Self-sealing butyl tapes available in aluminum or fleece face. Aluminum-faced tapes are available in White, Black or Silver & are UV stable or can be coated. Fleece tape should be coated with Karna-Flex or Karna-Flex WB after application. Use a roof roller for maximum adhesion.

**Product Code:** 550W | 550B | 550S | 550F | 550DS

**Avail. Sizes:** Fleece & Silver: 4"x65.5' | White & Black 4",6" 12" x 65.5'

Renton, WA | Rancho Cucamonga, CA | Dallas, TX

## ASPHALT REPAIR PRODUCTS, CLEANERS & POLYESTER REINFORCEMENT

### #19 Ultra Rubberized Flashing Cement

Rubberized flashing cement for repairing leaks on shingles, BUR, SBS & APP modified bit, tile & masonry. Karnak #19 Ultra adheres to wet surfaces and can be applied under water. #19 Ultra is highly rubberized for lasting repairs. Use on horizontal & vertical surfaces

**Product Code:** #19-CTG-N | 19-1AF-N | 19-3AF-N | 19-5AF-N

**Avail. Sizes:** 10.1 oz caulk tubes | 1-Gal | 3-Gal | 5-Gal

### #18 Perfect-Seal Flashing Cement

Karnak #18 Perfectseal Flashing Cement is a heavy bodied general purpose flashing cement for repairing leaks on shingles, BUR, SBS & APP modified bit & roofing tile. #18 Perfectseal has excellent sag resistance on vertical surfaces and superior adhesion.

**Product Code:** #18-3AF | #18-5AF

**Avail. Sizes:** 3-Gal | 5-Gal

### #799 Wash-N-Prep

Concentrated liquid TSP substitute to clean roofs before applying roof coatings. Wash-N-Prep is specially formulated to remove residue that can prevent adhesion of roof coatings. Use to clean BUR, metal, modified bit, TPO, PVC, Hypalon & existing roof coatings. Apply by backpack sprayer, bucket & broom, or with power washing equipment at the rate of 1 Qt / 1,600 sq.ft. then thoroughly rinse with clean water.

**Product code:** 799-CSE

**Avail. Sizes:** 1 quart bottles (6 per case)

### #709 Karna-Klean

Karna Klean is a highly concentrated citrus base cleaner to dissolve and remove asphalt, tar, roof coating, and grease from a variety of surfaces including metal, concrete, clay, brick, and masonry. Karna Klean is great for cleaning all of your roofing tools & equipment.

**Product Code:** #709-CSE

**Avail. Sizes:** 1-liter bottles (12 per case)

### #5540 Resat-Mat

Spun-laced polyester fabric for reinforcing elastomeric repair mastics and elastomeric coatings over irregular or smooth surfaces. Use to reinforce seams or entire roof surfaces. Resat-Mat can be used with Karna-Flex, Karna-Flex WB, 229AR & any other Karnak elastomeric coating products.

**Product Code:** 5540H-04 | 5540H-06 | 5540H-40

**Avail. Sizes:** 4" x 300' | 6" x 300' | 40" x 324'
