

Letter Request

* **Note:** Mac users working in "Preview" instead of Adobe Acrobat will need to "print" the document and "save as a PDF" before sending a copy back to Project Review.

Versico Rep Information:

Contact Name: _____
 Company Name: _____
 Address/Phone: _____

Applicator Information/Addressee:

Contact Name: _____
 Company Name: _____
 Address: _____

Warranty Information (refer to Versico Specifications for acceptability):

Warranty Term: _____ Warranty Wind Speed: _____

Project Information:

Project Name: _____ Location (City/State): _____
 Roof Area Dimensions: _____ Roof Height: _____ Roof Slope: _____
 Roof Status: _____
 *If applicable, list existing components in order from deck up

Building Usage: _____

Assembly Information:

Deck Type: _____ Deck Thickness: _____
 Vapor Retarder (if applicable): _____
 Thermal Barrier (if applicable): _____
 Insulation* (type and thickness): _____
 *If multiply layers, list each layer and its thickness in order from the deck up:

Cover Board (if applicable): _____

Insulation Securement Method: _____
 Fastener Type and Spacing: _____
 Insulation Adhesive Type/ribbon spacing: _____

Membrane Type & Thickness: _____ Sheet Width: _____

System Type: _____ Use of Roof: _____

Adhered Membrane Adhesive: _____

Mechanically Fastened Membrane Fasteners/Spacing: _____

Perimeter Edge Condition: _____

Metal Edging: _____ Parapet & Height: _____

Comments:

(List additional designs/assemblies here or fill out a separate form for more elaborate designs).

Letter Request Performance Requirements

IF ADDITIONAL PERFORMANCE REQUIREMENTS ARE NECESSARY TO BE INCLUDED WITHIN THE LETTER, PLEASE FILL OUT THE FORM BELOW.

IF NOT, PLEASE JUST SUBMIT THE MAIN "LETTER REQUEST" PAGE.

Performance Requirements / Quality Assurance (if applicable):

- Factory Mutual Global Rating:
 - Property Loss Prevention Data Bulletins Listed: FM 1-28, FM 1-29
- Underwriters laboratories:
- ASTM E 108 or UL 790
- Miami/Dade NOA
- Trinity Report (FL Bldg Code)
- ICC-ES Evaluation Report
- ASCE: Local Wind Speed:
 - Ground Roughness (select one):
 - ◇ Urban, suburban, or wooded area (Exposure B)
 - ◇ Open terrain w/ scattered obstructions (Exposure C)
 - ◇ Near (within 1 miles) large bodies of water (Exposure D)
 - Building Use (select one):
 - ◇ Low hazard to human life (i.e. agricultural, etc.) Category I
 - ◇ Not Category I, III, or IV (i.e. commercial buildings, etc.) Category II
 - ◇ Substantial hazard to human life (i.e. schools, public buildings, etc.) Category III
 - ◇ Essential facilities (i.e. hospitals, power plants, etc.) Category IV
